About Us

The North Shore Heritage Preservation Society was created in June 2005 with a broad aim of promoting the restoration and preservation of heritage and distinctive buildings in North and West Vancouver, by raising awareness in the community through events and publications.

The society also provides resources for the preservation of such buildings, and tries to protect buildings under threat.

It believes these buildings enhance the spirit and character of the community, embody a sense of history, preserve qualities of craftsmanship and provide aesthetic pleasure.

Membership is open to anyone interested in preserving historic and distinctive buildings in the area. The North Shore Heritage Preservation Society is registered as a not-for-profit society in British Columbia.

For information, please email info@northshoreheritage.org or telephone 604-926-6096.

Or, just visit the society's website at www.northshoreheritage.org.

Please join us in helping to preserve the heritage buildings of the North Shore.

THE EMAIL FORUM

The North Shore Heritage email forum promotes closer links among owners of heritage and distinctive homes, as well as other interested parties.

After a simple registration process, users can exchange information and advice on subjects such as renovations, research, events and local issues.

Registrants have built up a list of suppliers and contractors that have worked on North Shore heritage home renovation and maintenance projects, which is distributed through the email forum.

To sign up, just visit the North Shore Heritage website and follow the instructions.

Alternatively, just send an email to info@northshoreheritage.org, and ask to be added.

Once registered, to post a message, send your email to heritage-list@list.web.net.

WHY HERITAGE MATTERS

We believe that heritage homes and other historic buildings – whether big or small – make a vital contribution to the character of our community – and when they're gone, they're gone forever.

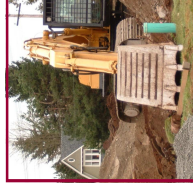

Homeowners, professionals, volunteers and others can work together to build a culture of conservation.

The North Shore Heritage Preservation Society emerged from the efforts of two groups: The North

Shore Heritage Network, an online service created by two homeowners, and the Hodgson House Society, a West Vancouver group that tried to save the home of early local architect Hugh Hodgson.

To join North Shore Heritage, please use the membership form overleaf, or download a form from the website.

Please send any questions or enquiries to info@northshoreheritage.org.

We will do our best to answer them, or will refer you to someone who can.
